Where Light Finds You

Worn, lived, loved. Every day.

THE ESSENCE

Light You Can Wear

Every piece begins with a spark

A moment, a connection, a feeling

Captured in a stone that holds its own story

01

LIGHT

La Lumière is the soul of LoveLab

Our stones don't just reflect light, they hold it.

They turn it into something intimate and personal.

02

THREADS

The threads accompany the light

Twenty shades, all subtle and intentional, echo personal stories: beginnings, chapters, transitions, quiet promises.

03

LOVE

What we create is wearable emotion

A LoveLab piece is not about status.

It's about meaning: the light you choose to keep close.

LoveLab is where light becomes wearable
